**June 13th 7:00 PM
Special General Meeting at the Belvedere
Community Center**

The Greatest Little Yacht Club In The Land is at a Major Crossroads and Needs Your Support. As of this writing, we Do Not have any Candidates for a Commodore, Treasurer, or Entertainment Committee Chairperson. Without these positions filled we will not be able to continue Our Club as we know it today.

If you have interest in any of these positions--Commodore, Treasurer, or Entertainment Committee Chair--please let me know. The RBYC bylaws contain a description of all positions and committees for your information.

If these positions do not have candidates by Mid May, Your Board of Directors will have to determine how to go forward with the RBYC. We will discuss these issues at the June 13th meeting. If you have any ideas, please be free to voice them then or email me with your ideas before.

While the RBYC has a good financial standing, it will not continue to exist if we do not have members volunteer and participate in running the Club.

The April event at the Tiburon Yacht Club was enjoyed by all who attended. There will be an event in June. More information will be soon available.

Hope to see many of you at the June 13th meeting,

Tim Leveque
Commodore

And, here are the comments:

I had a really nice time...it was a lot of work and I danced so hard couldn't walk the next day although I hosted a BBQ on that Sunday afterward. I hope the other attendees liked Key Lime Pie ...might have been a little over the top for the older folks.

It is always a beautiful location but there should be better lighting in the parking lot upon leaving. Food was great. Great music but a little loud for inside small area.

The beef was a little underdone.

Ambiance at the TYC is always so welcoming and we were lucky with great weather, dancing on the deck! Caterer did a great job. We were delighted with all that we had and the passed appetizers were very good as well. For the price that is as good as it gets for a band, dinner, and beautiful setting.

The band may be good but notice that everyone ended up on the outside deck to get away from the WAY TOO LOUD volume. The band did not connect with the members, at all. Notice how a large group of people were heading for the exits long before the evening was over. Even the music during dinner was way overly loud, which preempted any conversation between the members. The music, in this instance, detracted from the experience instead of enhancing it. Food and facility were excellent.

It was a very nice event, great food and great band.
